

GET THEM READY FOR FALL: SCHEDULE A WELL CHECKUP TODAY!

A well checkup is a great chance for your health care provider to offer support for **behavioral/mental health and wellness**.

They're also a great tool for checking your teen's **healthy development** and can help you find **possible future problems** early!

Insured teens and young adults (0–20) in Washington get a **free** health checkup every year!

Fall means they're back in school—so make their health part of the back-to-school routine! A well checkup offers the perfect time for asking any health questions you might have, as well as getting those important immunizations.

Schedule a well checkup today!

If you need help finding a clinic near you or have trouble scheduling a visit, call your insurance company. If you need help finding coverage, go to wahealthplanfinder.org or call 1-855-923-4633.
