Medical Exemption

A health care practitioner may grant a medical exemption to a vaccine required by rule of the Washington State Board of Health only if in his or her judgment, the vaccine is not advisable for the child. When it is determined that this particular vaccine is no longer contraindicated, the child will be required to have the vaccine (RCW 28A.210.090). Providers can find guidance on medical exemptions by reviewing Advisory Committee on Immunization Practices (ACIP) recommendations via the Centers for Disease Control and Prevention publication, "Guide to Vaccine Contraindications and Precautions," or the manufacturer's package insert. The ACIP guide can be found at:

www.cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html

Please indicate which vaccine antigen(s) the **medical** exemption is referring to. If the patient is not exempt from certain antigen(s), mark "not exempt.":
