

### Federally Designated Rural Health Clinics (RHCs)

Rural Health Clinics are designated by the U.S. Center for Medicare and Medicaid Services (CMS).

Facilities provide outpatient primary care services in underserved rural areas.

There are 128 facilities in Washington state.

| County   | Facility Name                         | Certification Year | Address                              | City           | Telephone    | Website (if available)                                                                                                                                       |
|----------|---------------------------------------|--------------------|--------------------------------------|----------------|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Federally Designated Rural Health Clinics (RHCs)

Rural Health Clinics are designated by the U.S. Center for Medicare and Medicaid Services (CMS).

Facilities provide outpatient primary care services in underserved rural areas.

There are 128 facilities in Washington state.

| County       | Facility Name                          | Certification Year | Address                        | City          | Telephone    | Website (if available)                                                                                                                                               |

### Federally Designated Rural Health Clinics (RHCs)

Rural Health Clinics are designated by the U.S. Center for Medicare and Medicaid Services (CMS).

Facilities provide outpatient primary care services in underserved rural areas.

There are 128 facilities in Washington state.

| County      | Facility Name                     | Certification Year | Address                       | City        | Telephone    | Website (if available)                                                                                                                                 |
